This statement is provided for holders of NOVAGOLD RESOURCES INC. common shares who are required to file a United States federal income tax return (“U.S. holders”). It is not relevant to other holders.

NOVAGOLD RESOURCES INC. (the “Company”) may be considered a passive foreign investment company (PFIC) under Section 1297 of the United States Internal Revenue Code (the “Code”) for the taxable period beginning on December 1, 2021 and ending on November 30, 2022. For U.S. holders of the Company, certain significant and potentially adverse United States federal income tax consequences may result from this designation. Such consequences may generally be mitigated by making a timely and effective election to treat the Company as a Qualified Electing Fund under Section 1295 of the Code (“QEF election”).

Pursuant to the requirements of Treasury Regulation Section 1.1295-1(g)(1), the attached PFIC Annual Information Statement is being provided to U.S. holders who have made or intend to make a QEF Election. The attached PFIC Annual Information Statement contains information to enable you or your tax advisor to prepare your tax return if you make a QEF election.

A U.S. holder that makes a timely QEF Election generally will be subject to U.S. federal income tax on such U.S. holder’s pro rata share of our “net capital gain” and “ordinary earnings” (calculated under U.S. federal income tax rules), regardless of whether such amounts are distributed by the Company. The QEF election is made by completing and attaching Form 8621 to your federal income tax return filed by the due date of the return.
